**42HP2**

### CORE COMPETENCIES

#### Data Management & GIS Solutions

Transforming complex data into actionable intelligence through advanced geospatial tools, secure data management, and analytical insights.

#### Financial Services

Delivering comprehensive financial planning, analysis, and compliance to optimize resources and strengthen fiscal accountability.

*“T3W is always willing to do whatever it takes to get the job done.”*

#### SBIR / STTR Innovation

Implements innovative technologies and services to support DoD mission objectives, ensuring compliance, cybersecurity, and operational excellence.

#### Infrastructure Planning & Engineering

Designing and implementing resilient infrastructure solutions that meet the highest operational and regulatory standards.

#### Operational Readiness

Ensuring personnel, systems, and processes are prepared to perform under any condition with readiness assessments, training, and support.

## OUR PERFORMANCE

T3W has a proven record of performance delivering complex program management, technical, and administrative support across the Department of Defense. The following projects are a sample size demonstrating our ability to manage high-visibility missions, ensure operational readiness, and deliver scalable solutions that support national security objectives.

### Commander Naval Air Forces | Squadron Administrative Support Services | Multiple CONUS Sites

Provided enterprise-level administrative, personnel, and travel support to CNAF squadrons nationwide. We managed readiness data, processed clearances, coordinated classified travel, and ensured compliance with DoD protocols to maintain operational readiness.

### Defense Policy Review Initiative | Program and Project Management Support | Okinawa, Japan

Delivered program and project management support for the \$20B U.S.–Japan force realignment. We managed planning, scheduling, and reporting for 400+ MILCON projects, enhancing coordination and execution across U.S. and Japanese stakeholders.

### NIWC Pacific | Security Support Services | San Diego, CA

Supported NIWC’s enterprise security programs, managing classified personnel, facility, and information security. We maintained SCI facilities, processed clearances, and implemented OPSEC, RTP, and SCRMM compliance across NAVWAR and PEO operations.

## TOOLS & SYSTEM EXPERTISE

### Financial Services

- Navy Enterprise Resource Planning (NERP)
- Standard Accounting and Reporting System (STARS-FL)
- Defense Travel System (DTS)
- Wide Area Workflow (WAWF)
